Kod producenta	TS-0203-1241

Opis produktu

Kompact VAG V2 Plumb Back has been specifically to suit the 2.0L VAG engine

Unlike the standard, plastic valves that use un-reinforced diaphragms and are known to crack under increased boost, the new Kompact VAG V2 Plumb Back uses O-Ring sealed piston which, coupled with it's billet aluminium construction give it over 30PSI boost handling capability.

Included with each Kompact VAG V2 Plumb Back kit:

Model specific valve, Mounting screws and Spring clamps.
