Zawór blow off BOV Turbosmart TS-0203-1263 Kompact Plumb Back VW Golf MK7 GTI/R

Cena brutto	1 184,00 zł
Cena netto	962,60 zł
Dostępność	Na zamówienie
Numer katalogowy	331431451
Kod producenta	TS-0203-1263

Opis produktu

Turbosmart's new Kompact Shortie Blow-Off Valve for the Mk7 takes performance to the next level. These valves are a high performance replacement for the Golf's standard diverter valve. Unlike the standard valve's plastic construction, they are machined from aircraft grade aluminium, and bolt straight up to the factory location, offering all the technology from Turbosmart's race-bred BOV range in an OEM-replacement package. The Plumb Back is a 100% recirculating blow-off valve, routing all vented air back into the intake. This valve operates at a similar level of volume to the standard valve, avoiding unwanted attention. Turbosmart's Kompact Shortie does not leak, bleed boost pressure or struggle with increased boost on tuned vehicles. It also completely eliminates compressor surge, allowing the Golf's turbo to operate to its full potential, and for longer.
