Zawór wastegate Turbosmart TS-0555-1011 WG60 GenV Powergate 60 14psi

Cena brutto	3 486,00 zł
Cena netto	2 834,15 zł
Dostępność	Na zamówienie
Numer katalogowy	331115671
Kod producenta	TS-0555-1014

Opis produktu

The GenV WG60 PowerGate60 External Wastegate is a Motorsport-proven, cost-effective 60mm external wastegate – The largest in the Turbosmart GenV range and the Highest Flowing 'Poppet Style' Wastegate in the World. The GenV provides extensive user configurability, world-leading extended thermal performance, fatigue resistance and best-in-class flow performance for optimum control and longevity.

The GenV External Wastegate from Turbosmart was a ground-up rework of a classic, and the only feature that rolled over from the Gen4 range was the mounting orientation. CFD optimized and validated in-house for maximum flow and thermal management, the GenV range has more features, options and performance than any other gate.

A direct fit upgrade to all Gen4 Turbosmart wastegates and feature our unique collar-locking system, variable actuator cap and base for easy, 360-degree optional routing of reference hoses, strap-type V-band clamps, optional liquid-cooling provision, 1/8" NPT reference ports and are provided with the full range of available springs.

Available In

Black, Blue, Red, Purple and Sleeper colours
Wastegate Position Sensor Optional Upgrade
Compressed Gas / Co2 Version
eWG (Electronically Actuated) Version

Features

Class Leading, Thermal Performance
Class Leading, CFD & Bench Validated Flow Performance
Class Leading Fatigue Resistance
Optional Liquid Actuator Cooling
Optional Position Sensor Available Separately
Rotatable / Clock-able Actuator Housing
60mm V-Band Fitment
Nitronic 60 Valve Guide & High Temp 347 SS Body
17-7 PH Stainless Steel Springs
Strap Type V-band clamps
