Zestaw kłapek montażowych ogniwa paliwowego Radium Engineering

Cena brutto	169,00 zł
Cena netto	137,40 zł
Dostępność	Na zamówienie
Numer katalogowy	331469983
Kod producenta	USA-RAD-20-0155

Opis produktu

OVERVIEW

Depending on the amount of fill plate accessories, the original mounting tabs may not suffice. Fortunately, this design uses 12 fill plate bolts (instead of 4 or 6) to distribute the load evenly across the fuel cell.

The 2-piece mounting tabs are laser cut from lightweight 5052 aluminum, deburred, and anodized black. Also included are 36 black sealing washers (fill plate=24, mounting tabs=12).

COMPATIBILITY

1. This can be used for older fuel cells that use a 24-bolt (6x10) fill plate including FuelSafe, ATL, Jaz, Harmon, Pyrotec, etc.
2. Only compatible with the older Radium Engineering FCSTs (20-014X-XX and 20-049X-XX).
3. Newer FCSTs and the FCST-X have machined provisions which eliminate the need for this mounting tab kit.
4. This mounting tab kit is NOT required for any brand fill plate that uses a Radium Engineering RA-Series fuel cell.
