### Opis produktu

BMW 188mm LSD Upgrade by RacingDiffs: Elevate Your Driving Experience Do you own a BMW model like E30, E36, E28, E34, E24, E32, Z1, or Z3? Restore and enhance your limited slip differential's performance with RacingDiffs upgrade kits designed specifically for the 188mm LSD. BMW Medium case LSD (188mm) was found in the most 6 cylinder models up to year 1999, such as: 3 series: E30, E36 5 series: E28, E34 7 series: E24. E32 Z series: Z1, Z3 Important notes: \* If you are purchasing the packs which include the Billet steel cap, please remember to leave a note about the gear ratio of your differential. There are 2 types of caps depending on the gear ratio (2.64-3.07 & 3.15-4.45), so you need to let us know which one to send you. By replacing the existing clutches with the new ones, you will refresh your differential and restore its original performance. For improved performance and higher intensity in daily street and track usage, we recommend Stage 1 and 2 packs. To gain maximum performance, check Stage 3 and 4 packs. Not only that, but we'll give you a LIFETIME WARRANTY on those sets! Choose Your Performance Level Service pack: Great for daily driving, this includes a 2-clutch set that will refresh your differential to factory settings. 2 clutch set Street pack (Stg 1): Ideal for spirited street driving, this set includes a 3-clutch set, preload shim set, and ramp saver shim for smoother locking action. 3 clutch set Preload shim set Rampsaver shim Track pack (Stg 2): Taking it to the track? Get the 4-clutch set, billet steel cap, preload shim set, and ramp saver shim for maximized grip and traction. 4 clutch set Billet steel cap Ramp saver shim Preload shim set Race pack (Stg 3): Designed for competitive racing, includes a 6-clutch set, billet steel cap, preload and oil shims, and ramp saver shim for unparalleled performance. 6 clutch set Billet steel cap Ramp saver shim Preload shim set Oil shim set Max performance pack (Stg 4): For those who demand nothing but the best, this ultimate set includes a 6-clutch set, billet steel cap, preload shim set, oil shim set, and a multi-variation ramp set for highly customizable performance. 6 clutch set Billet steel cap Preload shim set Oil shim set Multi variation ramp set Installation and Support Each of our packs is Plug & Play with NO modifications required. Make your installation a breeze by visiting our YouTube channel for step-by-step tutorials. To re-build your differential completely, you will need a Bearing & Oil seal set as well.
